PROFESSIONAL EXPERIENCE

College of Management, University of Massachusetts, Boston, MA
Associate Professor (Tenured), Information Systems — 2022-Present
Graduate Program Director of MSIT & MSBA Programs — 2023-Present
Assistant Professor, Information Systems — 2015-2022

Fulbright Canada Research Chair in Cybersecurity — 2024-2025

Center for AI and Digital Policy - Research Group Member — Sept 2024-Dec 2024

Atlantic Council Digital Forensic Research Lab – Digital Sherlock — Sept 2024-Dec 2024

School of Business, Virginia Commonwealth University, Richmond, VA
Instructor and Research Assistant, Information Systems — 2012-2015

EDUCATION

PhD Computer Information Systems   Virginia Commonwealth University, Richmond, VA
MS Computer Information Systems   Virginia Commonwealth University, Richmond, VA
MS Computer Applications   Delhi University, India

RESEARCH OVERVIEW

- Behavioral and organizational cybersecurity and privacy
- Bright and dark sides of digital media

At the **methodological level**, I am interested in

- Computationally intensive theory construction paradigm
- Mixed methods, including interpretive research, qualitative content analysis, statistical modeling, and design science
- Analytical approaches include regression analysis, emotions and sentiment analysis, social network analysis, natural language processing, visualizations, and multi-attribute utility analysis
- Analysis tools - NVivo, R-Studio, Talend, Protégé, SQL Server, @Risk, SPSS, JMP, UCINET, Google Cloud, and Amazon Web Services (AWS)
- System design tools - Protégé, Oracle Application Express, Wireshark, and MS Visio
- Programming skills - R, Python, Java, Javascript, PL/SQL, C/C++, UNIX, Visual Basic for Applications (VBA), and Data warehousing concepts (ETL, OLAP).

TEACHING EXPERIENCE

University of Massachusetts, Boston
- **BUSADM 780: Advanced Data Mining and Predictive Modeling (Doctoral)**

Foundational and Contemporary Theory, Methods, and Applications of Artificial Intelligence, including data mining, deep learning, natural language processing.

- **MSIS 646: Information Storage Management (Graduate)**
  Key topics covered: Big Data Storage Systems, Big Data Analytics, Cloud Platforms such as Google Cloud and Amazon Web Service (AWS), and Hadoop Clusters
- **MSIS 619/IT 461: Systems Analysis and Design (Graduate and Undergraduate)**
  Key topics covered: Unified Modeling Language and Tools, Feasibility analyses, Software development methodologies, and System analysis and design techniques
- **IT 110: Information Technology Problem Solving (Undergraduate)**
  Key topics covered: Software as a tool for analyses, support, and decision-making

Virginia Commonwealth University
- **INFO 300: Information Technology Infrastructure (Undergraduate)**
  Key topics covered: Computer architecture, Infrastructure, Cloud architecture, and Security

STUDENT ADVISING
I have advised the following doctoral and master's students:

1. PhD Dissertation Committee Chair, Moumita Saha, University of Massachusetts, Boston, In Progress
2. PhD Dissertation Committee Member, Suthasinee Tilokruangchai at the University of Massachusetts, Boston, In Progress
3. PhD Dissertation Committee Member, Nishi Gautam, Organizations and Social Change (OSC) track, College of Management at the University of Massachusetts, Boston, In progress
4. PhD Dissertation Committee Chair, Hyein Jeong, University of Massachusetts, Boston, August 2024 (Placement: TT Assistant Professor at Rhode Island College)
5. PhD Dissertation Committee Member and Adviser, Oyebisi Oladeji, University of Houston, TX, August 2024 (Placement: TT Assistant Professor at Kennesaw State University)
6. PhD Dissertation Committee Member, Wael (Lilo) Altali, School for Global Inclusion and Social Development at the University of Massachusetts, Boston, 2024
7. Master's Thesis Chair, Archana Shinde at the University of Massachusetts, Boston, 2021 (Placement: Yearup.org)
8. Master's Thesis Chair, Vignesh Natarajan at the University of Massachusetts, Boston, 2017 (Employed at Monster.com)
